

Van Delden Wastewater Systems

Boerne, Texas

Courtney Van Delden submitted a 2016 Kenworth T800 with a 4,000-gallon aluminum tank and Masport HXL400WV pump built out by Tri State Tank. The truck is powered by a Cummins 14.9L ISX15 engine tied to a 10-speed Eaton Fuller transmission. Features include a Titan Logix liquid level gauge, 320 feet of 3-inch hose, Teletrac Fleet Tracking System, four sight glasses, top and rear manways, 4-inch inlet and 6-inch dump valve, chrome stack, aluminum wheels and a pusher axle. The interior sports Kenworth navigation, HD, Bluetooth and GPS. Jesse Rodriguez is the driver and the truck is used for residential and commercial pumping. ■

SHOW US YOURS!

Got a truck with real WOW appeal? Show it off to *Pumper* readers!

Send photos of your truck after it has been lettered with your company name. Any industry-related truck is acceptable. Please limit your submission to one truck only.

Your Classy Truck submission must include your name, company name, mailing address, phone number, and details about the truck, including tank size, cab/chassis information, pump information, the company that built the truck, and any other details you consider important. In particular, tell us what features of the truck help make your work life more efficient and more profitable. Email your materials to editor@pumper.com or mail to Editor, *Pumper*, P.O. Box 220, Three Lakes, WI 54562. We look forward to hearing from you!
